Hi Salim

You asked me in your last letter to tell you something about our class visit to the factory in London. Well, last month our class paid a visit to a car factory. We went there by bus. It was a very big factory. It used different types of electrical machines. The engineers told us how cars are made. It was very interesting. This week our school showed a part of my project. I made a car. It was very funny. I made it from old shoes boxes and four pieces of rubber. It was very noisy but I liked it very much. Some other students made lorries and planes.

I hope to do more projects in the future.

Your friend Tom.

When I was 18, I opened a shop in California. I made and sold pictures of people. One summer, I travelled to New York to meet famous photographers. I wanted to learn from them. I Only met Alfred. He helped me a lot. He advised me to go to Mexico. My picture of a sea shell and a vegetable called "a green pepper" made me famous ! From that day, everyone wanted to see my pictures and buy them. I often took pictures of rocks, coastlines, and vegetable life.
